

## Why Should I Believe in God?

Message from Pastor Dave given on Nov 18th, 2007:

When the Soviet's first put a man in space, Yuri's Gagarin circled the earth in his little tin can and looking out the portal window of his spaceship declared to the world: "I don't see any God out there". The Apostle Paul approached the city of Athens where he was amazed to see so many statues and memorial to different kinds of gods. Gathering a crowd he declared to them this: Acts 17:22-23

"Men of Athens, I notice that you are very religious, for as I was walking along I saw your many altars. And one of them had this inscription on it—'To an Unknown God.' You have been worshiping him without knowing who he is, and now I wish to tell you about him." Why believe in God? And if there is a God, what difference does it make? And if I am to know this God and Worship Him, who is He and how can I know Him? These are the kinds of questions that we are going to seek to answer over the next several weeks. I hope you will approach these messages with an open mind and with an open heart. If these questions are not questions that you presently wrestle with, someone you love does wrestle with these issues. Listen with a desire to learn how to encourage them in their search for answers.
